Marker Home Page

1. Use this database to locate the marker(s) you want to visit.
2. Click on the marker's flag on the Minnesota state map.
3. Find the road directions, the GPS coordinates, and the Google satellite map for the marker. Use these to find the marker.
4. When you have found the marker, collect some information. Were the road directions accurate? (if not, please provide better road directions) What is the condition of the marker? Take a new GPS reading. Take a photo of the marker.
5. Send this information to the Marker Team using the web site – click on ["Send Road Marker Information."](#)

,then click tab "send Road Marker Information or Question"
